

## GOSHEN SWIM POLICY

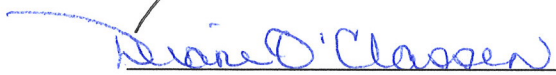

Purpose:

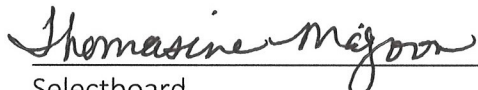

The purpose of this policy is to maintain and continue the policy of reimbursement for swim lessons for any child who resides in Goshen.

The Town of Goshen shall pay for swim lessons for all children who wish to participate in summer swim lesson. The lessons shall ONLY be for summer programs, reimbursement will not be for year-round lessons. Families may choose a swim program of their choice for their child or children. Families that pay per child would then be responsible for submitting the cost of the lessons to the Town for reimbursement. The Town may also choose to have an agreement with a swim program and pay direct to the program per child that registers.
